

FAIR IS A SUCCESS

(Continued from page one)

The exhibit of manual work by the Scappoose school was excellent and rightfully deserved the prizes awarded. The model schoolhouse, with its acre school ground, attracted much favorable comment. Everything in the miniature schoolhouse was conveniently arranged, and the workmanship of the young carpenters was that of mechanics.

The Warren exhibit was a large one and showed that much pains and interest had been taken to get it together. Fruit and vegetables and canned fruits were there in abundance and the display of plain and fancy sewing and knitting was very creditable.

Rainier also had a fine exhibit, as evidenced by the high score made. Their school work, drawing, fancy work and plain sewing deserved the prizes they took.

Considering the fact that a considerable portion of the St. Helens work was destroyed in the schoolhouse fire, our home school made a very good showing, although only two grades were represented.

Marshland, Goble and Bachelor all had excellent exhibitions of school work and fruits and vegetables.

Their sewing was also exceptionally good.

Vernonia sent in their exhibit all the way from Nehalem and took several prizes. Their fancy work, drawing and school work deserves especial mention and their home canning was as good as the best.

The Houlton school received several ribbons. Their exhibit of warden products was among the best, while their exhibits of school work attracted favorable comment.

In the premium list which follows, is a complete record of premiums received by the schools and their pupils.

The competitive drill of the Home Guard companies from St. Helens, Warren and Yankton attracted much favorable comment. Major Howard put the battalion through many difficult field maneuvers. St. Helens was voted by the judges as the best drilled company, although in justice to Warren it should be said that their attendance was the largest and, of course, this made it more difficult to carry out the maneuvers. The Yankton company had a small attendance, but they did well.

Taking all in all and considering the disadvantages on account of the drought this summer and the shortage of labor, the agricultural exhibits were good and the livestock show was up to its usual good standard.

ard. It is estimated that more than 4000 people saw the fair during its three day session.

The Red Cross dance and supper held recently at Hotel Jordan, Jordan Valley, Ore., netted the local branch nearly \$350. The party was a splendid success.

For artillery, automatic rifles and small arms and for ammunition for them, we have spent over \$3,700,000,000. Every Liberty Loan subscriber helps to arm our soldiers.

We have spent over \$120,000,000 just for staple supplies for our army, such as flour, bacon, rice, etc. Every subscriber to the Liberty Loan helps feed our soldiers.

TO THE CITIZENS OF COLUMBIA COUNTY

Whereas, I have very unjustly and maliciously been accused, thru petty spite, of hoarding food stuffs, with the idea to personal injury to me, I deem it proper to give the public the facts in the case.

I have hoarded nothing, am not guilty, was not fined and was exonerated of the charge.

On quite the contrary, have conserved food to the limit and have not nearly used my legal quota. Have produced a greater portion of food used in my home, notwithstanding the fact I am not a farmer.

Have given a great portion of my time gladly to war work for the government since our entry into the war without thought of remuneration. Have answered every call (and they are many) to the limit of my capabilities, both financially and otherwise.

I am all for my country, the winning of the war and "The Boys Over There."

Respectfully,

J. W. ALLEN.

Big Surprise to Many in St. Helens
People are surprised at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL flushes the ENTIRE bowel tract so completely it relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT, pleasant action of Adler-i-ka surprises doctor and patients. It removes foul matter which poisoned your stomach for months. A. J. Deming, Druggist.

"Blank Cartridge" Patriots

THESE are the kind that applaud—but do not act:

- That "let George do it"
- That delay
- That say "I will"—but don't
- That can—but won't

Let's prove that Columbia County and Oregon State have no "Blank Cartridge" patriots—by putting over the FOURTH LIBERTY LOAN as ONE MAN—and FIRST.

1000 Columbia County Boys

—Have answered the call and are now serving in the army and navy. They have gone to protect—we stay at home and uphold the honor of this—

—They ask that we back them up. Some of them are our sons, our brothers or our friends. Shall we let their call go unheeded? Back them up with—

Liberty Bonds

—And do your duty at home while they are doing theirs at the front.
